**FINEST ARGUS CAMERA**

## 1/2 PRICE

### at Wards Only

**Fine German-Made 35 mm**

**Never Before at Wards  
... So Many Features  
at Such Low Prices**

- Choice of Two Models—Fast f/2.8 or Extra-Fast f/2.0 Lenses.
- Synchro-Compur Shutter—10 speeds from 1 sec. to 1/500.
- Fast Single-Stroke Lever Action—Advances Film, sets Camera.
- Built-in Light Meter for Quick, Correct Exposures.
- Fast, Accurate Focusing with Coupled Optical Rangefinder.

An Outstanding Camera, at Outstanding Savings you'll find Only at Wards. For color or black-and-white. Built-in light meter insures accurate exposures. EVS single-number scale simplifies operation. Good Lenses? Sure thing. Take your pick of fast 52 mm 3-element f/2.8 for all-around shooting, or ultra-fast 6-element f/2.0 for greatest versatility. Both made to exacting Argus specifications—provide excellent 2 x 2-in. color slides, color or black-and-white prints.

Easy Focusing? Simple and precise, thanks to coupled rangefinder. When rangefinder is in focus, camera is automatically in focus.

How About the Shutter? Versatile MXV Synchro-Compur with 10 speeds from 1 sec. to 1/500 plus B. Fully synchronized, too—use all flashbulbs or electronic flash, at all speeds. Unique Argus folding flash-gun clips neatly on camera top, lets you use both standard bayonet base bulbs (No. 5 or No. 25) or newest midjet base (M-2, M-5) bulbs without special adapters. B-C circuit assures hundreds of sure flashes. Shoot Fast Action? Fast lens and shutter make it possible—single-stroke lever action makes it easy. One quick "flip" advances film, sets camera for next shot, prevents double-exposures. Takes 20 or 36 exposures on regular 35 mm film, color or black-and-white.

Precision-made for Argus in Western Germany. All-metal construction—die-cast aluminum body with leather-grained black covering. Outfit Includes: camera, leather case, and flash gun. Batteries not included . . . order 67 R 3227 on Pg. 40; or Kit, below.
