For Album-Size
Pictures 1½x2¼
On 120 Roll-Film

Pocket-Size
3½x5¼x1¾

Though built with the smart compactness of a true "miniature," the Ysette makes pictures 1½x2¼ inches . . . album size. They may be enlarged to a remarkable size for the lenses give negatives almost limitless sharp detail. As for scope . . . the Ysette is as sure of itself in dealing with nighttime pictures and action shots as it is in ordinary snapshooting. Carefully finished, and provided with many refinements, it is a brilliant example of photographic craftsmanship. Wt. 20 oz. Shpg. wt. 3 lbs.

16 Pictures 1½x1½
on 127 Roll-Film

Vest Pocket Size
2½x4¼x1¼

An ideal miniature camera for use in all types of photography. Its small compact construction coupled with the extreme care used in its building, stamps it as a precision miniature. High speed lens and shutter equipment adapts it for use under the most difficult conditions, such as snap shots at night—in the theatre—street scenes, etc. It cannot be excelled for use in candid photography. Being small, unobtrusive and highly efficient in operation, the pictures can be snapped in the fraction of an instant. Wt. 13 oz. Shpg. wt. 2½ lbs.
