Les premiers Ikonta destinés au marché américain étaient appelés Ikomat (A, B, C ou D selon leur format). Le nom d'Ikomat est marqué sur le revêtement à la place du classique Ikonta du marché européen. Il s'agit là de l'Ikonta 520/18, souvent appelé Baby Ikonta ou Ikonta miniature.

# ZEISS CAMERAS

## BABY IKOMAT

Takes 16 Exposures  
Size 1 1/4 x 1 5/8 Inches

A popular little picture maker. So small it fits a man's pocket or a woman's purse. Pressing the button causes the camera to open automatically, set for instant action. Uses standard vest pocket No. 127 roll film.

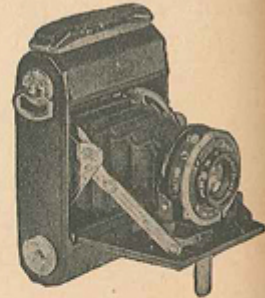

Measures 2 5/8 x 4 x 1 1/4 inches. 2-inch focal length. Weighs 12 oz. Shpg. wt., 2 lbs.
